

Recently we noticed just how old and tired our building was looking, as walls were starting to turn green, the roof was looking a bit aged and a general appearance of lack of care was starting to set in. First impressions are extremely important to us as we seek to reach our community with a message of the care of Christ.

We contacted Island Pressure Cleaning and requested a quote. The quickness and ease that it was to receive our quote quickly and setup for the cleaning was indicative of their professionalism. After all anyone can buy a pressure sprayer and a trailer and go into business, but not everyone has the passion for doing an "above and beyond" job like Island Pressure Cleaning provided us.

We would welcome contact from anyone regarding this company in our town and our highest recommendation and appreciation goes out to them.
